Re: Statistics Canada Employees in your Neighbourhood

To the Manager:

Statistics Canada employees are currently in your neighbourhood verifying address information that will be used for Statistics Canada programs such as the 2011 Census. This work includes validating information about institutions and the general characteristics about the residents.

To make this information gathering process more efficient, would you please recommend a staff person who, working with our interviewer, will provide information about your facility (e.g. number of residents) and the nature of the institution (e.g. long term care facility, rehabilitation centre).

All Statistics Canada employees carry official photo identification and are sworn to secrecy under the *Statistics Act*. Any information that you provide is held strictly confidential.

If you have any questions about this activity, please call us at 1-866-445-4323

Thank you in advance for your co-operation.

Sincerely,

Lise Rivais
Director
Western Region and Northern Territories
