PART 1 - DEFINITIONS

1. In this Bylaw unless the context otherwise requires:

Access Strip means a relatively narrow strip of land which forms an integral part of a panhandle lot to provide frontage on a highway and vehicular access from the highway to the remainder of the lot. The access strip is considered to have ended when the width of the front lot line equals one-tenth of the perimeter of the remainder of the lot. No building may be located within the access strip.

Accessory Building means a building or structure, the use or intended use of which is located on the same lot as the principal building or principal use served, is not attached to the principal building, and the use or intended use of which is customarily incidental, subordinate to and exclusively devoted to the principal use on the lot.

Accessory Use means a use which is customarily incidental, subordinate to and exclusively devoted to the principal use on the lot.

Agricultural Zone means the AG or AG1 Zones.

Agriculture means a use providing for the growing, rearing, producing and harvesting of food crops, livestock, poultry, bees, and horticultural products which may be conducted as a commercial enterprise; the storage and sale on an individual farm of the products harvested, reared or produced on that farm. It includes as accessory uses the storage, maintenance and repair of farm machinery and implements used on that farm; and the storage of fertilizer, pesticides, medications, feed, dietary additives and all incidental materials used on that farm. It specifically excludes intensive agriculture, cannabis production, medical cannabis production and all manufacturing, processing, storage and repairs not specifically included in this definition.

(Bylaw 636)

PART 2 - ADMINISTRATION AND ENFORCEMENT

2. Application

This Bylaw applies to all of the land within the boundaries of the District of Metchosin.

3. Metric Dimensions

Metric dimensions are used in this Bylaw. Imperial equivalents provided in brackets are approximate and for convenience only, and do not form part of this Bylaw.

4. General Compliance

- (1) No land, or building or structures on a lot shall hereafter be used or occupied and no building or structure or part thereof shall be erected, moved, altered or enlarged unless in conformity with this Bylaw.
- (2) Nothing contained in this Bylaw shall relieve any person from the responsibility to seek out and comply with other legislation applicable to their undertaking.

5. Non-Conforming Uses and Siting

Non-conforming uses and siting are subject to the provisions of the *Municipal Act*.

6. Severability

If any section, subsection, paragraph, subparagraph or phrase of this Bylaw is for any reason found invalid by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of the Bylaw.

7. Bylaw Amendments

- (1) Procedures: Any person applying to have any provision of this Bylaw amended shall apply in writing by submitting an application in the form and manner prescribed in the “Metchosin Land Development Procedures Bylaw” or its successor bylaw.
- (2) Approval of Ministry of Transportation and Highways: Pursuant to Section 57 of the *Highway Act*, any amendment to this Bylaw which affects land or improvements within a radius of 800 m (2,625') of the intersection of a controlled access highway with any other highway must be, prior to its adoption, approved in writing by the Minister of Transportation and Highways.

8. Enforcement

- (1) The Bylaw Enforcement Officer, or any other officer of the Municipality who may be appointed by Council, is hereby authorized to enter at all reasonable times upon any property, subject to the regulations of this Bylaw, to ascertain whether the regulations of this Bylaw are being or have been observed.
- (2) Where a person has been directed to comply with this Bylaw and fails to take the required action, Council may:

- (a) direct that the Municipality, by its employees or agents, take the necessary action at the expense of the person in default; and
- (b) recover the expense from the person, together with costs and interest at the rate prescribed under Section 11(3) of the *Taxation (Rural Area) Act*, in the same manner as municipal taxes.

9. Violations

Any person who violates any of the provisions of this Bylaw, or who suffers or permits any act in contravention of this Bylaw or who neglects to do or refrains from doing any act or thing to be done or thing which is required to be done by any of the provisions of this Bylaw, commits an offence against this Bylaw and is liable to the penalties hereby imposed. Each day that a violation is permitted to exist shall constitute a separate offence.

- (a) the Bed and Breakfast establishment must be operated within a dwelling unit and may not be operated in an accessory building, secondary suite or detached secondary suite;
- (b) not more than 3 bedrooms shall be rented as part of the Bed and Breakfast establishment and not more than 6 persons shall be accommodated at any time;
- (c) notwithstanding Paragraph (b), where boarding in a dwelling unit is also provided, a maximum of 6 persons shall be accommodated through the combined boarding and Bed and Breakfast uses;
- (d) no liquor shall be sold as part of the Bed and Breakfast establishment; and
- (e) an approved smoke alarm shall be installed within or adjacent to each room to be rented.

(18) Offices for Trades – Home Business which provides offices for businesses, such as building trades, where the business activity is performed at varying locations shall have no restrictions on the number of employees who do not carry out their employment duties on the lot on which the Home Business is operated.

(19) Repair of Motor Vehicles – Notwithstanding the regulations of Section 21, only 1 Home Business involving the repair of internal combustion engines or the repair of motor vehicles shall be permitted on a lot subject to the following:

- (a) a maximum of 1 employee, who is a family member resident in the dwelling unit on the lot on which the Home Business is operated, is permitted; and
- (b) not more than 2 motor vehicles which are awaiting or undergoing repair or which have been repaired may be stored external to the building in which the Home Business is operated.

(20) Roadside Stands – In addition to the other Home Business regulations included in this Section, Roadside Stands shall be permitted subject to the following:

- (a) only 1 Roadside Stand shall be permitted on a lot;
- (b) notwithstanding any other regulation in this Bylaw, a Roadside Stand having a gross floor area of not more than 12 m² (129.2 ft²) and a height of not more than 3 m (9.8') is permitted in the front or side yards of a lot;
- (c) no Roadside Stand shall be located within a highway right of way.
- (d) (i) a Roadside Stand shall be limited to the sales of vegetables, fruits, flowers or foodstuffs which have been grown, produced, or processed on the lot on which the structure is located;

- (ii) notwithstanding Subparagraph (i), in an Agricultural, Upland, Rural or Commercial Recreation Zone, where a Roadside Stand is used for the sale of vegetables, fruits, flowers or foodstuffs which have been grown, produced, or processed on the lot on which the structure is located, it may also include the accessory sales of the aforementioned products which are grown, produced, or processed on other lots within the Municipality; and

- (e) a building permit shall be required for the construction of a permanent Roadside Stand.

22. Intensive Agriculture – Beef Feedlots and Swineries

The following are minimum yard requirements for buildings, structures, and enclosures or fences used for beef feedlots and swine operations:

Number of Animals	Yard Requirement	Distance to Nearest Adjacent Dwelling Unit
21 – 50	50 m (164')	120 m (393.7')
51 – 100	70 m (229.7')	150 m (492.1')
101 – 200	80 m (262.7')	200 m (656.2')
201 – 300	90 m (295.3')	240 m (787.4')
301 – 400	100 m (328.1')	270 m (885.8')
401 – 500	120 m (393.7')	300 m (984.3')
501 and Over	150 m (492.1')	320 m (1049.9')

23. Secondary Suites and Detached Secondary Suites

- (1) A secondary suite or detached secondary suite shall not be used or occupied unless it complies with all of the provisions of this Bylaw and with all health, fire and building bylaws and regulations in force from time to time in the Municipality.
- (2) A detached secondary suite is not permitted on any lot on which a secondary suite exists in the principle dwelling and a secondary suite is not permitted on any lot containing a detached secondary suite. A secondary suite and detached secondary suite shall not occur on the same lot concurrently.
- (3) Two off-street parking spaces shall be provided on the lot for a secondary suite or detached secondary suite, as per parking requirements in Section 49 of this Bylaw.

Secondary Suites

- (4) The secondary suite and the dwelling unit must be joined by a wholly common floor/ceiling assembly or by a common wall.
- (5) The floor area of a secondary suite shall not exceed the lesser of 90 m² (969 ft²) or 40% of the gross floor area, excluding garages and carports, of the dwelling unit in which it is located, but including the secondary suite itself, and shall include not more than one (1) kitchen.

- (6) A secondary suite shall not have more than two (2) doorways opening directly to the outside of the dwelling unit.

Detached Secondary Suites

- (7) The gross floor area of a detached secondary suite shall not exceed 70 m² (753.5 ft²).
- (8) An accessory building containing a detached secondary suite shall not be used for any accessory use other than a detached secondary suite.
- (9) A detached secondary suite shall only be permitted on lots of 0.8 ha (1.98 acres) or greater.
- (10) The distance separating a detached secondary suite from the principal dwelling located on the same lot shall be not more than 15 m (49.2'), but no less than 1 m (3.3').
- (11) A detached secondary suite shall be located no closer than 15 m (49.2') from any lot line.
- (12) The height of a detached secondary suite shall not exceed 8 m (26.2').
- (13) No separate road access shall be permitted to provide access to a detached secondary suite.
- (14) No person shall construct a new building to accommodate a detached secondary suite without first obtaining a building permit from the District and paying the prescribed fee.
- (15) No person shall convert or alter an existing building to accommodate a detached secondary suite without first obtaining a building permit from the District and paying the prescribed fee.
- (16) Prior to issuance of an occupancy permit to allow a detached secondary suite, the owner of the lot shall provide proof of CRD water, or adequate potable well water (3400 L/day) and an approved means of sewage disposal, including a letter detailing any upgrades that are required to conform with Vancouver Island Health Authority regulations.
- (17) No building or occupancy permit shall be issued for the construction of a detached secondary suite or the conversion of an existing building to a detached secondary suite unless the owner has granted to the District a covenant pursuant to s. 219 of the *Land Title Act* agreeing that there shall be no secondary suite in the principal dwelling unit on the property.

24. Temporary Buildings

A temporary building or structure may be erected for construction purposes on a lot being developed for a period not to exceed the duration of such construction or 1 year, whichever is less, subject to the requirements of the Metchosin Building Bylaw. Upon receipt of a written request, Council may extend the period that the temporary building may remain in place for a maximum of 1 additional year.

PART 5 - GENERAL REGULATIONS – SITING

25. Building in Required Yard

No building shall be constructed or placed in a required yard except as otherwise specifically provided for in this Bylaw.

26. Projections into Required Yards

The following features may project into a required front, side or rear yard:

- (a) steps, eaves and gutters, cornices, sills, chimneys, or other similar features, provided that such projections do not project more than 1 m (39") into the required yard or 0.5 m (20") in the case of a side yard of less than 3 m (9.8') in width; and
- (b) balconies and sun shades, provided that such projections do not project more than 1 m (3.3') into the required yard.

27. Setbacks from Roads

- (1) Notwithstanding the regulations for yards within all zones of the Bylaw, or any other regulations of the *Highway Act*, principal or accessory buildings or structures shall not be located less than:
 - (a) 10 m (32.8') from a lot line that abuts any highway, other than an access route in a bare land strata lot development, when the required dedication to achieve the required right of way width, as indicated in the Metchosin Official Community Plan, has not occurred to facilitate widening of the road; or
 - (b) 7.5 m (24.6') from a lot line that abuts an arterial highway, as designated under the *Highway Act*, when dedication has occurred to achieve a 25 m (82') right of way.
- (2) Any reduction in the yard regulations of Subsection (1), respecting an arterial classified highway as designated under the *Highway Act*, may require the prior written consent of the Minister of Transportation and Highways.

28. Sight Triangle Visibility at Intersections

No building, structure, fence, tree, shrub or plant exceeding 0.6 m (2') in width or 0.9 m (3') in height shall be permitted in any sight triangle.

29. Driveway Grades

A dwelling unit or principal building shall be provided with a driveway from the highway to the building for access by fire-fighting and emergency vehicles and the driveway shall be constructed to the following standards:

- (a) the driveway is to be designed to support the expected loads imposed by fire-fighting equipment and surfaced with materials designed to permit accessibility under all climatic conditions;
- (b) the driveway shall have a minimum centre-line radius of 12 m (39.4');
- (c) the minimum width of the driveway shall be 3.6 m (11.1');

- (d) the maximum allowable grade shall be 15%, but, subject to the approval of the Municipality, a maximum grade of 20% may be allowed when the driveway is surfaced with concrete or asphaltic pavement to a minimum width of 3 m (9.8');
- (e) the minimum "K" value for vertical curves shall be "2";
- (f) the driveway shall have a minimum overhead clearance of 4 m (13.1') for its entire width and length;
- (g) the driveway must provide for the parking of emergency vehicles not more than 15 m (49.2') from the main entrance of the building; and
- (h) driveways exceeding 90 m (295.2') in length, measured from the highway to the building, shall provide a turnaround area within 30 m (98.4') of the main entrance of the building, and the turnaround shall have a minimum length of 10 m (32.8'), a minimum width of 5 m (16.4'), and a maximum grade of 6%.

30. Flood Control and Environmental Protection

- (1) Notwithstanding any other provisions of this Bylaw, no buildings or any part thereof shall be constructed, reconstructed, placed, moved or extended, nor shall any manufactured home unit, modular home or structure be located:
 - (a)
 - (i) within 30 meters (98.4 feet) of the natural boundary of Bilston Creek, Cole Creek, Hewitt Creek, Metchosin Creek, Sherwood Creek, and Veitch Creek;
 - (ii) within 15 meters (49.2 feet) of the natural boundary of any other watercourse, water body or a Riparian-wetland Area

unless the applicant provides, at his/her expense, a report from a Qualified Professional certifying that a lesser setback will not negatively affect the Proper Functioning Condition of the watercourse or Riparian-wetland Area.

- (b)
 - (i) within 15 meters (49.2 feet) of the natural boundary of the sea;
 - (ii) within 60 meters (196.9 feet) of the top of the bank of the shoreland slope of a Class II or Class III drift-sector beach as designated by the Metchosin Official Community Plan

unless the applicant provides, at his/her expense, a report from a registered professional engineer with geotechnical experience certifying that a lesser setback is safe for the use intended.

- © within any Riparian Assessment Area unless the development proceeds in accordance with Section 4(2) or Section 4(3) of the Riparian Areas Regulation.
- (d) with the underside of the floor system of any area used for habitation, business, or storage of goods damageable by floodwaters, or in the case of a manufactured home or unit, the ground on which it is located that is:
 - (i) lower than 600 mm (2 feet) above the 200-year *flood elevation* of Bilston Creek and its tributaries,
 - (ii) lower than 1.5 meters (4.9 feet) above the natural boundary of the sea.
- (2) Where adjacent flood elevations are not available, the hydraulic profile shall be developed through hydraulic analysis, except where the site is clearly above the estimated flood elevations. All habitable structures shall also be protected from flooding by grading drainage away from the structure and overland flow routes through the site that are capable of safely conveying away the 200-year runoff event.

- (3) Subsection (1)(b) shall not apply to:
 - (a) a renovation of an existing building or structure used as a dwelling unit that does not involve an addition thereto;
 - (b) farm buildings other than dwelling units and closed-sided livestock housing;
 - (c) dwelling units on lots greater than 8 ha (19.77 ac) in area and within the Agricultural Land Reserve, but such units shall be elevated 1 m (3.3') above the natural ground elevation;
 - (d) closed-sided livestock housing, but such livestock housing shall be elevated 1 m (3.3') above the natural ground elevation;
 - (a) The required elevation may be achieved by structural elevation, or by adequately compacted landfill, or by a combination of both structural elevation and landfill.
- (5) Where landfill is used to achieve the required elevation, no portion of the landfill slope shall be closer than the distances in Subsection 30(1)(a) or Subsection 30(1)(b) from the natural boundary, and the face of the landfill slope shall be adequately protected against erosion from floodwaters.
- (6) The maximum Effective Impervious Area coverage shall be 10% of the lot.

31. Accessory Buildings

General Regulations for All Zones

- (1) Where an accessory building or structure is attached at or above grade to the principal building, it is to be considered a part of the principal building and shall comply in all respects with the requirements of the Bylaw applicable to the principal building.
- (2) No person shall use an accessory building for sleeping accommodation or as a dwelling unit except in a building containing a detached secondary suite that complies with all applicable regulations in this bylaw;
- (3) No accessory building that is not attached to a principal building shall be located less than 1 m (3.3') from any principal building.
- (4) Agricultural, Upland, Rural, Amenity Residential, or Rural Residential Zones

In an Agricultural, Upland, Rural, Amenity Residential, or Rural Residential Zone:

- (a) Accessory buildings having an aggregate gross floor area of not more than 3.35 m² (36 ft²) and a height of not more than 1.85 m (6.1'), which are constructed for the sole purpose of housing a well head, are permitted in a front, side or rear yard of a lot and shall not be considered a structure for the purposes of this Bylaw.
- (b) Accessory buildings or structures located in a rear yard having an individual floor area of not more than 3.35 m² (36 ft²), an aggregate gross floor area of not more than 9.3 m² (100 ft²), and a height of not more than 1.85 m (6.1') are permitted and shall not be considered as a structure for the purposes of this Bylaw.

32. Swimming Pools

Swimming pools and hot tubs shall not be constructed or located within 1.5 m (4.9') of any lot line.

33. Underground Structures

Except for swimming pools, a structure or portion of a structure, which is located beneath the lower of natural grade or finished grade, may be sited not less than 1 m (3.3') from any lot line of the lot on which it is located.

34. Prohibitions

- (1) Mobile vendors are not permitted on any land except as may be permitted by this Bylaw.
- (2) No lot, building or structure shall be used for an arcade, off-track betting or gaming activity of any kind.
- (3) Notwithstanding Subsection (2), social occasion casinos or freestanding bingos shall be permitted on a lot located in the Community Institutional 1 (P1) or Community Institutional 2 (P2) Zone (ALR) for up to an aggregate total of 12 occasions within a calendar year with each occasion having a duration of not more than 6 hours.
- (4) No person shall use any land, building or structure for cannabis production, cannabis sales or medical cannabis production, except where such is an expressly permitted use elsewhere in this bylaw, or is otherwise permitted through the Agricultural Land Reserve Use, Subdivision and Procedure Regulations as a farm use, or consistent with a federal licence that supercedes the District's authority to prohibit the use.

(Bylaw 652)

PART 6 - SUBDIVISION

35. Exceptions to Minimum Lot Area Requirements

- (1) The minimum lot area requirements specified in this Bylaw shall not apply where the lot being created is to be used solely for:
 - (a) an unattended public utility use, provided that where the use is a pumping station or reservoir for a community water system, the lot area is not less than 675 m² or (7,266 ft²), or
 - (b) park use.
- (2) For the purpose of a boundary adjustment subdivision, the Approving Officer may approve a subdivision of 2 or more lots which creates a lot or lots which do not conform with the minimum lot area of the Land Use Bylaw where:
 - (b) one or more of the existing lots proposed to be subdivided do not conform to the minimum lot area requirements of their zone, and
 - (c) the proposed subdivision will result in no increase in the number of lots, and
 - (d) the proposed subdivision will result in no increase in the number of lots which do not conform with the minimum lot area of the Land Use Bylaw, and
 - (e) none of the lots to be created by the subdivision is smaller in area than the smallest of the existing lots of land being subdivided.

PART 7 - SCREENING

36. Illuminated Greenhouses

- (1) All glare-emitting surfaces of illuminated greenhouses must be covered by shade cloth.

(Bylaw 636)

PART 8 - SIGNS

37. Definition

For the purposes of Part 8, “highway” is defined as follows:

Highway includes a street, road, lane, bridge, and viaduct or any other way designed, intended for, used, or open to the use of the general public for the passage of vehicles, and every private place or passageway to which the public, for the purpose of the parking or servicing of vehicles, has access or is invited.

38. General Regulations

- (1) Except for home identification signs, a permit must be obtained prior to the placement of any sign.
- (2) No sign shall be placed upon or project over any highway except traffic control devices, street name signs, directional signs or other signs erected by the Municipality, or notices posted by election officials of any government.
- (3) No sign shall project more than 0.3 m (1') from the face of the building to which it is attached.
- (4) No letter, figure or symbol on any sign shall exceed 0.4 m (16") in height or width.
- (5) No sign shall be illuminated except for signs which are lighted by or exposed to artificial lighting directed toward the sign and which are described below:
 - (a) any permitted sign in a Commercial, Commercial Recreation, Industrial, or Institutional Zone, or
 - (b) any home identification sign.
- (6) Only 1 home identification sign, which has a maximum sign area of 0.5 m² (5.4 ft²) for each face, and which has a maximum of 2 faces, shall be permitted for each dwelling unit on a lot.
- (7) Only 1 sign advertising a dwelling unit “for rent” or “for sale”, which has a maximum sign area of 1 m² (10.8 ft²) for each face, and which has a maximum of 2 faces shall be permitted for each dwelling unit on a lot.
- (8) Only 1 sign, which has a maximum sign area of 0.5 m² (5.4 ft²) for each face with a maximum of 2 faces indicating that Home Business is being carried on, may be exhibited on the lot on which the Home Business is operated.
- (9) The top of a freestanding sign shall not exceed 2 m (6.6') above the natural grade.
- (10) No roof-top signs or billboard signs are permitted.
- (11) Temporary political signs are permitted subject to the regulations of the Metchosin Temporary Political Sign Policy available from the Municipality.

39. Agricultural, Upland, Rural, Rural Residential 3 and Rural Residential 4 Zones

In an Agricultural, Upland, Rural, Rural Residential 3 and Rural Residential 4 Zone, only 1 freestanding sign that identifies an operation and advertises products, uses or services related to an agricultural, intensive agricultural, riding stable, or boarding kennel use is permitted on a lot provided that:

- (a) the use is carried on or the service is offered from the lot on which the sign is erected; and
- (b) the sign does not exceed a maximum sign area of 2 m² (21.5 ft²) for each face and has a maximum of 2 faces.

40. Commercial, Commercial Recreation, Industrial or Institutional Zones

In a Commercial, Commercial Recreation, Industrial Zone, or Institutional Zone:

- (a) Only 1 sign that identifies the business(es) or organization and advertises any product, use or service, and which may be either a freestanding sign or a fascia sign, shall be permitted on a lot provided that:
 - (i) the business, product, use or service is offered from the lot on which the sign is erected;
 - (ii) notwithstanding Section 38(9), the top of a freestanding sign shall not exceed 3 m (9.8') above the natural grade;
 - (iii) the maximum sign area of a freestanding sign shall not exceed 2 m² (21.5 ft²) for each face with a maximum of 2 faces;
 - (iv) the height of a fascia sign shall not exceed 0.5 m (20") and the length shall not exceed the length of that side of the building which faces the adjacent highway provided that only 1 side of the building shall have a fascia sign;
- (b) In addition to the sign permitted in paragraph (a), each business or organization is permitted to place on its premises located on the lot on which the business or organization is operated:
 - (i) 1 business or organization identification sign having a sign area not exceeding 0.3 m² (3.2 ft²) with a maximum of 1 face; and
 - (ii) 1 "open" and 1 "closed" sign having a maximum aggregate sign area of 0.3 m² with a maximum of 1 face and which, notwithstanding Section 38(5), may be illuminated either externally or internally.

PART 9 - OFF-STREET PARKING AND LOADING REQUIREMENTS

41. Definition

For the purposes of Part 9, “site” means the lot or lots on which the use that requires the provision of parking and loading spaces is conducted.

42. Application

- (1) The regulations contained in Part 9 shall not apply to buildings, structures, or uses existing at the time of adoption of this Bylaw, except that:
 - (a) Where any land, building or structure undergoes a change of use or any increase in the number of dwelling units, gross floor area, seating capacity or other unit of measurement specified hereinafter as a means for determining required off-street parking and loading spaces, such off-street parking or loading spaces shall be increased to equal or exceed the off-street parking and loading space requirements resulting from application of the provisions of Part 9 to the entire building or structure as modified in use or capacity.
 - (b) Off-street parking or loading spaces existing at the time of adoption of this Bylaw shall not be reduced.

43. Procedure

Every Building Permit Application for a new, enlarged or ☐ aundroma building, structure, or use shall include a parking site plan drawn to scale and fully dimensioned, showing all off-street parking and loading facilities and related site improvements.

44. Voluntary Establishment of Off-Street Parking and Loading

Where off-street parking or loading areas are provided in excess of the requirements of Part 9, the location, design and operation of such facilities shall comply with all of the regulations of Part 9.

45. Required Number of Off-Street Parking and Loading Spaces and Units of Measurement

- (1) The minimum number of off-street parking or loading spaces required for each building class, type or use shall be provided as indicated in Part 9. In the case of a use not specifically mentioned, the required number of off-street parking or loading spaces shall be the same as for a similar use as determined by the Municipality.
- (2) Where there is more than 1 use on a site:
 - (a) the total requirements for off-street parking or loading spaces shall be the sum of requirements for the various uses computed separately except as may be exempted in paragraph (b);
 - (b) golf driving ranges and putting greens, when operated in conjunction with and on the same site as a Class A Golf Course, shall be exempted from providing off-street parking or loading spaces for a golf driving range use.

- (3) Where the number of employees is used as a unit of measurement for determining off-street parking spaces, it shall mean the greatest number of employees at the workplace, at any time of the day or night in a particular building or for a particular building or for a particular use during any season of the year.
- (4) Where seating accommodation is used as a unit of measurement for determining off-street parking spaces, and such accommodation consists of benches, pews, booths and the like, each 0.5 m (20") of width of such seating accommodation shall be counted as 1 seat.
- (5) Where the calculation of the off-street parking or loading spaces results in a fraction, 1 parking or loading space shall be provided in respect of that fraction.
- (6) The off-street parking shall:
 - (a) be located on or within 150 m (492.1') of the site, provided that, if the off-street parking is not located on the site, the site or portion of the site on which it is located shall be restricted for use as a parking lot by a covenant registered under Section 215 of the *Land Title Act*;
 - (b) notwithstanding paragraph (a), be located on the same lot as the principal use where the parking is required for a residential or overnight accommodation use.
- (7) Where distances are used to determine the location of off-street parking requirements referred to in Subsection (6)(a), such distances shall be deemed as walking distances and measured along highways.
- (8) Off-street loading spaces shall be located on the same site as the building or use they serve.

46. Disabled Spaces

- (1) Where any development, building or use requires more than 25 off-street parking spaces, parking spaces for the use of persons having a physical disability shall be provided in the ratio of 1 for every 50 parking spaces or part thereof.
- (2) Each off-street parking space provided for disabled persons shall meet the requirements of Part 9 except that the off-street parking space shall be:
 - (a) a minimum of 3.7 m (12.1') in width,
 - (b) clearly identified as being for use only by disabled persons,
 - (c) located within convenient access of an accessible building entrance or in a central location where an off-street parking area serves several buildings.

47. Off-Street Parking and Loading Dimensions

- (1) The dimensions shown below shall be the minimum dimensions and designs for off-street parking spaces and off-street parking areas as required in Part 9.

PARKING ANGLE OF STALL (DEGREE)	WIDTH OF SPACE	DEPTH OF STALL	WIDTH OF STALL	WIDTH OF AISLE ONE-WAY	TWO-WAY
0	2.5 m*	2.5 m	6.5 m	3.5 m	7.0 m
45	2.8 m*	5.0 m	4.0 m	4.0 m	7.0 m
60	2.8 m*	5.5 m	3.2 m	5.0 m	7.0 m
90	2.8 m*	5.5 m	2.8 m	6.0 m	8.0 m

*The minimum width of each parking space provided for persons having a physical disability shall be 3.7 m.

Diagram of Parking Layouts

One Way Aisle

Two Way Aisle

- (2) Each off-street loading space required by Part 9 shall not be less than 9 m (29.5') long, 3 m (9.8') wide and 4 m (13.1') in height. In no case shall the length of the loading space be such that a vehicle in the process of loading or unloading shall project into any highway.

48. Design, Development and Maintenance Standards

General Regulations

- (1) The parking area layout and location of all points of ingress and egress to a parking area shall be subject to the approval of the Municipality.
- (2) Off-street parking or loading areas shall be permitted in any required yard in any zone subject to any Development Permit guidelines for commercial development in the Official Community Plan.
- (3) All off-street parking or loading areas shall be freely accessible to a highway.
- (4) The maximum grade for an off-street parking or loading space or for a parking lot which is required by Part 9 shall not exceed 6%.
- (5) The maximum grade for a driveway used to access off-street parking or loading areas shall not exceed 15% except as otherwise provided in this Bylaw.
- (6) All off-street parking or loading areas shall be graded and drained so as to dispose of all surface water. In no case shall drainage be allowed to flow across highways. Drainage shall be subject to the approval of the Municipality and shall be directed to prevent damage or inconvenience to abutting property and/or highways.

Commercial, Commercial Recreation, Industrial or Institutional Zones

- (7) In a Commercial, Commercial Recreation, Industrial or Institutional Zone:
 - (a) All off-street parking or loading areas shall be provided with adequate curbs, with openings of not less than 30 cm (1 foot) every 3 meters (10 feet), to retain all vehicles within such permitted parking or loading area and to ensure that required fences, screens, walls, hedges or landscape areas, as well as any buildings, are protected from parked vehicles.
 - (b) All off-street parking or loading areas shall have vehicle stops not less than 1 m (3.3') from the end of each off-street parking or loading space except in the case of parallel parking.
 - (c) Where continuing curbs are used as wheel stops, the measured depth of off-street parking spaces, except for a parking angle of 0°, may be reduced by 1 m (3.3') from that which is required in Section 47(1). In such instances, the parking layout should allow for the vehicle to overhang the curb by 1 m (3.3') and such overhang area must be clear of all obstructions (signs, vegetation, etc.) and may not be regarded as required landscape area.
 - (d) All off-street parking or loading areas shall be surfaced with asphalt, concrete, pavers or suitable permeable surface such as porous concrete, grass pave or turfstone, so as to provide a surface that is durable and dust-free.
 - (e) All lighting used to illuminate any off-street parking or loading area shall be arranged and installed so that all direct rays of light are reflected upon such parking area and not on adjoining premises.

- (f) In no event shall off-street parking or loading spaces be provided in a manner requiring the backing out of vehicles onto highways. Stacking of parking (i.e. providing 1 space behind another) is prohibited.
- (g) Pedestrian sidewalk ramps shall be provided for disabled persons giving access from off-street parking areas to the building served.
- (h) All off-street parking facilities, including parking spaces, aisles and loading facilities shall be kept free of dust, loose particles, and debris and shall be promptly cleared of snow and ice.
- (i) Signs or other markers shall be utilized within an off-street parking or loading area to ensure efficient and safe traffic operation and shall be maintained in a neat and legible condition.
- (j) All off-street parking or loading spaces shall be marked by durable painted lines at least 10 cm (4 inches) wide and extending the length of the space, or other durable markers suited to the parking surface.

49. Required Parking Spaces

Lots and buildings are classified by use and the required number of off-street parking spaces for each lot use or building class, type or use are prescribed below:

BUILDING OR USE

REQUIRED NUMBER OF SPACES

Residential

Residential	2 per dwelling unit and 2 per secondary suite or detached secondary suite, provided that a front yard driveway which provides access to a parking space that is not within the front yard may be considered as the provision of a second parking space that is in tandem
Boarding and Lodging	1 for each sleeping unit
Home Business	2 per each Home Business except as follows:
- Bed and Breakfast	1 per room to be rented
- Motor Vehicle Repair	2
- Roadside Stand	1 per 2 non-resident employees
- Sales Distributorship	0
Manufactured Home Park	2 per manufactured home site plus 1 per 5 manufactured home sites

Agricultural Sales

Nurseries and Greenhouses	1 per 15 m ² (161 ft ²) of gross floor area
Farm Market	4 per sales clerk

Assembly, Cultural and Recreational

Billiard, Pool Hall	1 space per 5 m ² (54 ft ²) of gross floor area
Bowling Alley	4 spaces for each alley
Church	1 per 4 seats plus 1 for each 20 m ² (215 ft ²) of gross floor area used for assembly within a church building or church hall
Club, Hall, or Lodge	1 per 10 m ² (108 ft ²) of gross floor area
